"DIRECTION OF THE JUSTICE AND DISCIPLINE DEPARTMENT

DIVISION OF JUSTICE AND DISCIPLINE

By decree of 17th July 1980:

The Revolution Council orders, through the Chief of the General Staff of the Army, the commendation of the auditor judge of the 5th Territorial Court of Lisbon, Dr. RUI JOSÉ DA CUNHA, for the high professional competence, exemplary dedication and exceptional civil and moral integrity he has shown in the performance of the duties of auditor judge of the 5th Territorial Court of Lisbon, for more than three years.

Possessing an enormous judicial culture and a rare capacity of realization, rooted in a solid professional competence, he has shown a remarkable wisdom and ponderation during the trials in which intervened, many of them presenting enormous difficulty and susceptibility.

In the performance of his sensitive duties has shown an enormous understanding of the human nature that has allowed him to attain the difficult equilibrium that he has always used to conciliate the specifically legal aspects with a deep sense of justice.

Endowed with an illustrious intelligence, allied to exceptional calm and serenity, to which has to be added a probity that imposes him as righteous magistrate, he has also shown a notable capacity of work, an affable manner and perfect education, qualities that render him a prestigious and esteemed magistrate by all that have contact with him.

Because of all these relevant qualities, for his efficient and competent performance in the 5th Territorial Court of Lisbon and for the prompt and efficient collaboration given to the

Command of the Military Region of Lisbon, whenever he was asked to, and bearing in mind that his judge auditor exemplary conduct has contributed to the Military Justice prestige, it is the most elementary duty to consider the services provided by Dr. RUI JOSÉ DA CUNHA, relevant, extraordinary and remarkable.”
